

Letter would it please be  
a bit & I am not sure that  
Gus would.

The episode of 2<sup>nd</sup> Timothy  
was most amusing, & today I  
received one from your elder son  
which was greatly appreciated.

Please tell them how sad I  
am over the loss of Peg - my  
heart, but that I still think  
fondly of the phantasies.

I suppose you have seen  
the various items referring to  
Louise Gheist's application for  
a divorce.

Dear Tim -

It is your own fault  
if here is another letter from  
me.

Why did I ever tell you  
that tale of the way I sign  
letters! I thought you would  
forget it at once. Remember  
it not ~~you~~ that is A. S. P. J., but  
but I - Woe betide you if -  
one - S.P. - ever knows that  
you know that signature -
